

Exceptional ergonomic mobile computing.

Enhance workflow and efficiency with the expansive work surface available with the HI-Paradigm. This highly adaptable state-of-the-art mobile computing system features sturdy handgrips and a compact, stable base that allows for easy maneuverability. And with the touch of a button, you can position the keyboard and monitor at the perfect height for comfortable use.

Experience the Howard advantage.

The fully adjustable touch-screen monitor enables limitless positioning easily accommodating your visual and ergonomic needs.

The near-silent performance of the one-touch lift raises and lowers the work surface for use while seated or standing.

Featuring 2 locking casters, the cart base is both compact and stable allowing it to be easily maneuvered.

System Highlights

- Slide-out keyboard tray
- Height adjustable work surface (41" max., 29" min.)
- Work surface measuring approximately 2 sq. feet
- Graphical at-a-glance drawer status
- Individual locking mechanism per drawer

Carts - Howard's Paradigm

Systems Integration

At Howard Medical, we offer three very different integration and setup services so that you can choose which option is best for your situation.

1. In-factory Customer Supplied Integration – Howard Medical will integrate carts with equipment supplied by the customers. All equipment must be received two (2) weeks prior to the scheduled ship date. All wiring will be completed during integration. Customer is responsible for installing laptop and/or LCD monitor to each cart.
2. In-factory Howard Supplied Integration – Howard Medical will supply the necessary equipment to be installed on each cart. All wiring will be completed during integration. Customer is responsible for installing laptop and/or LCD monitor to each cart.
3. On-site Integration – A Howard Medical Product Specialist will travel to the desired location to provide on-site integration. We must receive confirmation that all equipment has arrived on location before a specialist is dispatched. Howard Medical will install all equipment to each cart.

FAQs

Q: How much does the HI-Paradigm weigh?

A: The cart, with complete power system, weights approximately 150 pounds. Weight varies slightly depending on accessories.

Q: What cart manufacturers does Howard Medical partner with?

A: Howard Medical has partnered with the two largest cart manufacturers in the world, Lionville Systems and S & S Medcarts, both of which are US-based entities.

Q: Is the HI-Paradigm hard to clean?

A: No. Hard external surfaces make the HI-Paradigm extremely easy to clean and maintain using a variation of bleach, water, and mild commercial abrasives.

Q: Will I be able to integrate future hardware on the HI-Paradigm?

A: Yes. We realized the need to easily upgrade in the future, so we have engineered technology to assist you in upgrading as needed.

Q: Can I get my carts in a color of my choice?

A: Yes. Since color plays an important role in cart configuration, we have designed our entire cart family with several accent colors for you to choose from. (See below.)

Optional accent colors

Training

Howard Medical also offers in-service training sessions and technical training sessions through our Professional Services team. During the 30 minute in-service training sessions by a Howard Medical Certified Trainer, your nursing staff will be thoroughly trained on proper use and care of med carts and equipment. Technical training consists of training staff on carts and training staff on integration. The technical training on carts consists of training the staff on the subassemblies, battery, inverter, and other technical components of the cart. Technical training for integration consists of training staff on how to integrate carts with any necessary equipment and components.

Experience the Howard advantage.

About Us

Founded in 1998, Howard Medical is a division of Howard Industries, Inc., a 700-million dollar, privately held corporation that was established in 1968. We design and manufacture specialized hardware solutions that enable healthcare personnel to focus on patient care with confidence and fewer medical errors – Howard Medical provides tomorrow's technology today!

Warranty & Support

Choosing a warranty option that best fits the demands of equipment for a healthcare facility can be an enormous task. At Howard Medical, we try to make your decision an easy one. Each HI-Care cart comes with a Standard 3-year limited warranty; however, depending on your individual needs, we offer several other warranty upgrade options for you to choose from including:

- Standard 3-year limited warranty + one year 2nd business day response
- Standard 3-year limited warranty + two year 2nd business day response
- Standard 3-year limited warranty + three year 2nd business day response
- Complete 3-year warranty
